Arpan P. Nayak

AI/ML Engineer | Business Strategist
Jalandhar, Punjab, India

Summary

I am an AI Engineer and Business Strategist focused on building real-world, production-grade Generative AI systems.

With a strong foundation in business strategy (MBA) and process optimization (Lean Six Sigma), I specialize in designing intelligent systems that solve real business problems using modern AI architectures. My work sits at the intersection of AI engineering, data science, and decision intelligence.

I have hands-on experience building Generative AI applications using LangChain, LangGraph, LangSmith, MCP, and neural networks. I work extensively with data analysis pipelines, LLM-based agents, retrieval-augmented generation (RAG), workflow orchestration, and AI automation systems.

My focus is on building AI products that are not just impressive demos — but scalable, reliable, and business-ready.

I think in systems, build with intent, and engineer for impact.

Core Expertise:

- Generative AI & LLM Applications
- LangChain, LangGraph, LangSmith, MCP
- Neural Networks & Deep Learning
- Data Analysis & Intelligent Pipelines
- AI System Design & Orchestration
- Business Strategy & Process Optimization

I believe the future belongs to AI practitioners who understand both business and applied AI — and that's exactly where I build.

Experience

Henry Harvin India Education LLP
Process Improvement Manager
September 2022 - October 2022 (2 months)

Henry Harvin India
Quality Management Specialist
July 2022 - August 2022 (2 months)

THE INSPiREEZ IT SOLUTION

Sales Team Lead
April 2015 - September 2017 (2 years 6 months)
Bhubaneswar, Orissa, India

Running and managing call centers day to day interaction with international clients over VoIP(voice over IP) calls for sales

Delegate task & set deadline for team

Service/ Cleanup customers computer through remotely

Shinux.com
Customer Service Representative
May 2014 - March 2015 (11 months)
Bhubaneswar, Orissa, India

Trainee Associates (Sales Process)

SACHIN ENTERPRISES

Accountant
January 2014 - April 2014 (4 months)
Bhubaneswar, Orissa, India

Education

Lovely Professional University
